### SUMMARY

Newly minted web developer with 8 months of experience. Looking for technical positions with opportunities to build large and complex projects and ultimately transition into a full stack role, preferably MERN, GoLang, or C#. Previous experience in Capital Markets and a degree in Economics.

### PROJECTS [\(vwwats.com/#projects\)](https://vwwats.com/#projects)

#### SOLITUDE MUSIC PLAYER

A music player loaded with some of my favorite compositions.

#### PICTURE IN PICTURE

A 'Picture in Picture' app that allows users to detach a streaming video and float it anywhere on their screen.

#### PUNK BEER

A dynamic web page that displays beer information from around the world. Also filters data according to user parameters.

#### BBQ SPLASH PAGE

A responsive landing page that collects email and displays a custom message on user submission.

#### JAKE & ELWOOD

A responsive website for a digital agency.

### EXPERIENCE

#### FRONT END DEVELOPER

Upwork | May 2020 - Present

#### WEB DEVELOPER

Catchafire | Feb 2020 - Apr 2020

### EDUCATION

#### FRONT END DEVELOPER CAREER PATH

Scrimba | Jul 2020 - Oct 2020

Four month boot camp aimed to turn students into proficient front end engineers. Received training in HTML/CSS, Responsive Design, UX & UI Principles, JavaScript & React, workflow management, and product life cycles.

#### BACHELOR OF SCIENCE, COMPUTER SCIENCE

Goldsmiths, University of London | est. 2021

Admitted but enrollment deferred to spring 2021.

#### BACHELOR OF SCIENCE, ECONOMICS (HONORS)

Symbiosis School of Economics | Jul 2016 - Jun 2019

7.8 GPA | Finalist, Economist of the Year (EOTY) 2018

Highest Scorer in Macroeconomics and Public Finance
